WELCOME BACK EVENT

Campus Wide Celebration of Students Returning

On August 30, staff and faculty welcomed back all of our returning and new students to campus. It was a beautiful day perfect for any event. The air was filled with the wonderful smell of hotdogs and hamburgers on the grill as most campuses played rounds of Bago getting to know each other. "My favorite part of the welcome back event was the bean bag toss!" said Kaitlyn Cody, Ozarka culinary student. We would like to thank all the staff and faculty involved in making each one of these campus events a success! To our students, we are so excited about the upcoming year and delighted that you are a part of our amazing learning community.

A MESSAGE FROM THE PRESIDENT

Dr. Richard Dawe

We have had a great start to our fall semester and it's wonderful to again welcome back our students and faculty! There are several foundation events lined up this semester and we appreciate all of our sponsors and support from the communities we serve. I want to congratulate our academic team and especially Katie Wilson for their recent approval for our RN program that will begin next year.

We recently conducted an all employee, day long training for first response and emergency situations. Everyone I had a chance to speak with seemed to feel it was valuable training. The College also held a donor appreciation event at the Mountain View technical/welding center, which was well attended by donors and other supporters who so generously helped us equip the new facility. It is incredible how proud folks are of Ozarka and the work of the team throughout our service region. Hope you all have a terrific fall semester and continue to share your student success stories!

THE CLEVERLYS

Earnie Blackley Memorial Scholarship Fundraiser

A raucous crowd of nearly 700 filled the John E. Miller Auditorium at Ozarka College in Melbourne on September 10. The community welcomed the talented Paul Harris and his band of “family” artists as they performed renditions of recent pop hits to the tune of their classic bluegrass sound. The Cleverlys did not disappoint, putting on quite a show, playing many fan favorites mixed in with their ever-present knee-slapping comedy.

Event proceeds benefited the Earnie Blackley Memorial Scholarship Fund through the Ozarka College Foundation, which by showtime tallied more than the \$10,000 needed to fully endow the scholarship.

The Cleverlys are a one-of-a-kind comedy/music blend from the Ozark Mountains. They are all accomplished musicians putting their unique bluegrass spin on cover songs from any genre. Special thanks for event coordination goes to Foundation board member, Shane Linn of Townsend Spice & Supply and key financial support from Bill Miller with Grassroots Equipment.

Yancey was an outstanding student at Ozarka and is now an outstanding counselor to our students here at Melbourne. Ozarka is proud to recognize her as our 2022 Alumni of the Year!

ALUMNI SPOTLIGHT

Janet Yancey

Janet Yancey, of Melbourne School District, has been named Alumni of the Year at Ozarka College. Janet is Melbourne Schools' high school counselor and district test coordinator.

"I graduated from Ozarka College with an Associate's degree in 2000," said Yancey. "I love this school! The folks at Ozarka are the most caring people you will ever meet. I started classes at Ozarka at 33 years of age. It had been several years since high school, and I had forgotten so much; however, the folks at Ozarka encouraged me, helped me, and were there to assist every step of the way. My only regret is that I couldn't continue my education there."

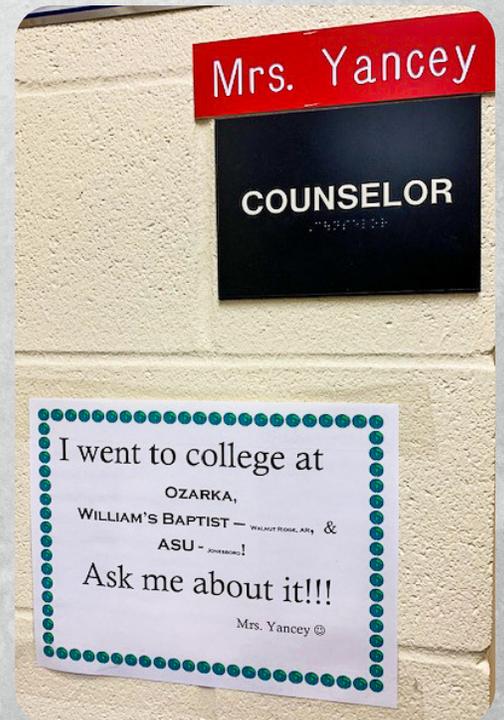

Janet earned an Associate of Arts degree in General Education in 2000 before obtaining a Bachelor of Arts in English Language and Literature/Letters from Williams Baptist University. Janet has since gone on to earn a Master's degree in School Counseling from Arkansas State University.

We are honored to recognize Janet as Ozarka's Alumni of the Year." said Dr. Josh Wilson, Ozarka Vice President of Advancement. "Janet represents the best of Ozarka and is a tremendous advocate for Ozarka education with her students. Her success at Melbourne schools is a testament to what hard work can accomplish and we are proud to have been part of her journey."

SCHOLARSHIP RECEPTION

Foundation Update

The Foundation will hold its annual Scholarship Reception on September 29, 2022 at 6:00 p.m. in the Melbourne Student Services Center. At the beginning of the fall semester, all new scholarship recipients are invited to attend a light reception where we not only honor them for their achievement, but celebrate with them. The reception is an event that recognizes both academic achievement and donor generosity, bringing together student scholarship recipients and benefactors. The event provides an opportunity for students to thank donors for supporting them through endowed scholarships while donors learn how their gift directly impacts student success by meeting this years' awardees. It is a heart-warming event that not only allows students the chance to show appreciation to the donors but instills in them an understanding of the importance of giving back to the College for the benefit of future Ozarka students.

PROFESSIONAL DEVELOPMENT

Active Shooter Training

Recently, Ozarka College employees all took part in active shooter training hosted by the Craighead County Police Department. Active shooter incidents are often unpredictable and evolve quickly. In the midst of chaos, anyone can play an integral role in mitigating the impacts of an active shooter incident.

“Safety of our campuses, students, and employees is our highest priority, and Ozarka is committed to providing a safe and secure learning environment,” said Dr. Richard Dawe, Ozarka College president. “While we hope and pray we are never faced with terrible events like those we see every day around the nation, we must be prepared to react to save lives should such an unfortunate situation ever occur.”

This scenario-based workshop featured facilitated discussions to inform participants on the best practices associated with preparing for and responding to an active shooter incident. Through a dynamic exchange of information, this workshop provided participants an understanding of how to plan and how to aid in the event of an active shooter.

THE OZARKA AVENGERS

Kids College success over the summer

Ozarka College held Kids College this summer for students who will be entering grades two through seven this fall. Classes were June 13-16 at Ozarka's Melbourne campus.

Ozarka Kids College's theme this year was "Ozarka-Avengers," and included a fun-filled learning adventure, superhero style. The students enjoyed daily STEM projects, learning about Arkansas reptiles, art projects, and cooking classes. Students took home several projects such as, a catapult, a cookbook, pond in a jar, painted snakes, a planter, college ID badge, and a t-shirt.

Kids College is designed to expand students' knowledge and enhance learning through classroom lessons and hands-on activities. The program allowed students to familiarize themselves with the Ozarka College campus in Melbourne, promoted Ozarka's accessibility, and reinforced the importance of a college education in today's world.

"Ozarka Kids College used to be a big part of the community and has not been held for several years. I knew when I was hired at Ozarka College that I wanted to bring back Kids College," said Maggie Campbell, Associate of Science in Education Director/Faculty. "We look forward to this being an annual event in the summer for many years to come."

This event could not have been possible without the following: Tabby Cooper, Karen McDonald, Ginger Miller, Abbey Orf, and Kelsie Steed for teaching the students. Also instrumental in the success of this event was the Ozarka Technology Department, Dan Lindsey for creating ID badges, Katie Norris for capturing each moment, Chris Mosley for taking the kids on a campus tour, and the maintenance team. Thank you to the Arkansas Extension Office for providing yoga sessions; Arkansas Game and Fish for bringing an aquarium and alligator; Pirates Graphics for the t-shirts; and Melbourne Subway for making lunch every day.

FOND FAREWELL...

Wanda McConnaughay

Beginning work at Ozarka in 2007, McConnaughay began serving as an Administrative Specialist for Student Services where she has worked tirelessly these many years to help Ozarka students and her colleagues. Wanda announced her upcoming retirement from Ozarka earlier this year and in July, Ozarka gathered to celebrate her 15 years of dedicated service to the College and her recent recognition as Employee of the Quarter for the months of April - June 2022.

“Wanda is most deserving of this prestigious recognition; she has always focused on students’ success and I am proud to call her a colleague,” said Dr. Richard Dawe, Ozarka College president. “We wish her the very best in her retirement; she will be dearly missed.”

“Not only did she do a fantastic job making students feel at ease throughout the admissions process, but she is also one of the most generous people you will encounter, frequently supporting philanthropic activities on campus,” said Zeda Wilkerson, vice president of student services. “She genuinely cares for students, co-workers, and the mission of Ozarka College. Wanda is going to be truly missed. We wish her the very best in her retirement.”

The College hosted a farewell fellowship for Wanda on July 28 in the Student Services Center on the Melbourne campus.

From all of your Ozarka Family, we wish you well, Wanda!
